YOURS TO ENJOY—ART BY LEONARD PELTIER

New! First edition reproductions on paper or canvas by renowned Native American artist, Leonard Peltier.

Protector of the Woods
(1991)

These beautiful, new reproductions – with their vibrant colors & rich texture – will bring you joy for many years to come. Proudly display your very own Peltier creation in your home or office. These

prints are also perfect gifts for family & friends.

VALUE

Using the state-of-the-art Giclée process, digital images of Leonard Peltier's oil paintings are printed on paper or canvas using a high-resolution printer. The best pigmented inks & Premium Gloss Canvas or museum grade paper are used to produce the deepest & most saturated color, & to ensure longevity in excess of 100 years indoors. The prints are treated to protect against moisture, abrasion, cracking, & mildew. These Giclée prints are simply the finest quality reproductions ever made available.

Through my paints, I can be with my people — in touch with my culture, tradition, & spirit. I can watch little children in regalia, dancing & smiling; see my elders in prayer; behold the intense glow of a warrior's eye.
